Mfgr. Speciality Chemicals & Auxiliaries

LIONSKYOB PRODUCTS PVT. LTD. provide specialty auxiliaries and chemicals to the Textile and Garment Industry. We have since grown to a well recognized techno commercial organization in India offering products and services to the textile processing industry.

We have a strong presence in the market with well established setup and manufacturing facility in Ahmadabad, thereby gaining experience in the Process industry for over a period of time . We manufacture specialty chemicals for the processing industry. Our dedicated team of experienced staff constantly Offers technical support for optimal utilization of our products.

Today, within a short time span, we have been able to establish ourselves as a premium quality manufacturer providing end to end solution to the textile and garment industry. The transformation from a small manufacturing facility to a truly world class supplier to our consumer industries is attributable to our thorough understanding of the chemical to fabric interaction along with our in depth understanding of the user requirements.

Our extensive products range caters to all aspects of textile and Garment processing which includes yarn manufacturing, pre-treatment, dyeing & finishing. We also provide specialty Products such as softeners enzymes and finishing chemicals. We offer products of highest quality standards & products tasted for harmful substances as per OKO-TEX and GOTS standard.
